Application No. 10/747,818
Filed: December 29, 2003
Attorney Docket No. 91082

DECISION RETURNING
IMPROPER PAPER

The supplemental protest filed September 26, 2005 under 37 C.F.R. § 1.291, titled "Supplemental Protest of Reissue Application Under 37 C.F.R. § 1.291" is before the Group Director of Technology Center 2800.

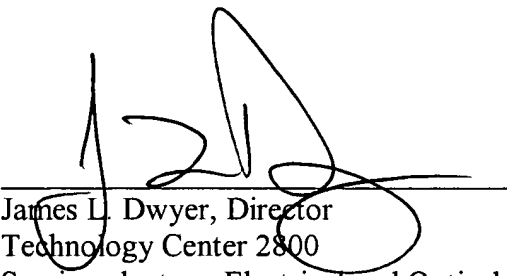

Under 37 CFR 1.291(c), protestor participation ends with the filing of the initial protest, and protestor will not be allowed to complete any protest that is incomplete. No further submission on behalf of protestor will be considered, except for additional prior art, or unless such submission clearly raises new issues which could not have been earlier presented. Protests which will not be entered in the application file include those further submissions in violation of 37 CFR 1.291(c) by which protestor seeks to participate in the examination process.

The supplemental protest filed September 26, 2005, is a second protest after an initial protest was filed on September 22, 2004 under 37 C.F.R. § 1.291. The second protest is an attempt to reply to the second preliminary amendment filed by applicant in response to the earlier protest. Further, the arguments in the protest do not raise new issues that could not have been earlier presented and are improper. Accordingly, the second protest is clearly an improper attempt for participation in the prosecution of the reissue application.

In view of the above, this paper has not been considered by the examiner and is being returned to the protestor.

This decision will be made of record in the application file.

Any inquiry regarding this decision should be directed to Jose' G. Dees at (571) 272-1569.
